Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2021-22

educational progress for the Stoney Creek Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Robin Picarazzi for assistance.

The AER is available for you to review electronically by visiting the following web site <https://bit.ly/37h4Sui>, or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as: HAS NOT BEEN GIVEN ONE OF THESE LABELS.

Stoney Creek continuously works to improve all aspects of the educational process. Our focus continues to be on Math and ELA. We have also included professional development regarding the whole child and trauma informed practices. We continue to implement The Leader In Me for all students and staff. We appreciate the continued support of parents, staff and our community in this effort.

### **School Placement (Stoney Creek grades K-2)**

All students entering K-2 will go into their respective grade based on age and/or grade level completion. Students are assessed to determine added intervention needs and then placed into additional assistance programs within the grade structure.

**This is Panther Country**

## **School Improvement**

Stoney Creek worked collaboratively with their building School Improvement Plans, consideration was given to the most current research and best practices with respect to various curricular areas, the delivery of instruction and the method of evaluation. Our team currently has two parents actively represented on our teams. The District School Improvement Committee as well as the individual Building School Improvement teams has played an important role in developing the District School Improvement plan. We are confident that by continuing to work through our school improvement process, Comstock Park will improve in its mission of success for all. For our complete District School Improvement Plan, please visit our website at [www.cppschoools.com](http://www.cppschoools.com)

## **Core Curriculum**

Comstock Park Public Schools staff and administrators work collaboratively to align all curriculum areas with state and national standards. The process of aligning curriculum is an ongoing process that is ever evolving with the changes to technology, research-based resources, etc. We continue to push to higher levels to prepare students to be college and career ready. We are in the process of updating our website with the current curriculum documents. We hold professional development with our coach monthly. If you have immediate questions or needs regarding copies of our curriculum documents, please contact Mrs. Robin Picarazzi at 616 254-5604.

## **Parent Teacher Conferences**

We are pleased to report for Fall of 2021, that 399 of 434 or 92% of Stoney Creek students were represented at Conferences. For Spring of 2022, 391 of 435 or 90% of Stoney Creek students were represented at Conferences.
